

Environmental Policy

Super Star Sport is committed to the protection of the environment by reducing pollution, emissions and waste.

As part of the induction process, and through staff meetings and training, our staff will be informed about reducing the use of raw materials, supplies and energy.

We raise the children's awareness of environmental issues through discussions, projects and day-to-day activities within the club.

Children and staff follow Super Star Sport's 'eco code':

- ✦ We reuse and recycle our waste material, and the recycling bins are easily accessible to staff and children.
- ✦ We switch off lights when not in use and fit the lights with energy-saving bulbs where possible.
- ✦ We turn off electrical equipment at the power source when not in use.
- ✦ We turn off taps after use and do not waste water.
- ✦ We do not drop litter.

Policy Responsibility and Review

We are committed to reviewing our policy and good practice annually.
